

# BETHEL EXPERIENCE

Bethel Experience is a non profit organisation who have a heart for children and young people in our local community. We set out to create a safe haven for children with special needs and one of the ways we do this is through our yearly Summer Programme

---

## SUMMER PROGRAMME

The Bethel Experience Summer Programme, is tailored specifically for children with special needs. The Programme gives each child the opportunity to engage with a range of activities such as, ropes course, zip wire, rock climbing, pony and cart rides, sensory trail, farm tour, bush craft and many more. The programme provides the opportunity for your child to develop some important teambuilding skills and effective communication skills alongside interacting with other children

---

The programme provides structure during the holidays and a form of entertainment, it also allows for respite for parents during the holidays and an excellent way to keep children busy and active.
